

## **F3 Webinar: Algae and Seed Oils in Aquafeeds**

*Major producers of algae and seed oils will discuss the latest advances in fish oil replacement*

The F3 – Future of Fish Feed will convene a panel of algae and seed oil manufacturers to discuss the latest research and fish oil replacement successes on these healthy omegas to meet the growing demand for aquaculture feed. Algae and seed oils are on the cutting edge of innovation, as companies have only scaled their offerings in the past several years.

**The webinar will take place on Thursday, May 20, 2021 at 5 am GMT.**

A Q&A session with representatives from Corbion, Global Algae Innovations, Nuseed and Veramaris will follow panelist presentations.

This event is part of a yearlong webinar series hosted by the F3 Team. The webinars are free and open to everyone. For more information and to register, visit:
